SITE PLAN

LIFE IN STOCKPORT

Stockport is becoming one of the most sought-after locations in the North West and there are many contributing factors to this, from its sprightly town centre built up with independent and well-known high street shops, to the copious amount of parks, green-spaces and gardens allowing you to connect with nature regularly.

The location of Stockport is perfect for families and couples looking to live in a community setting whilst still being in close proximity to Manchester City Centre, taking roughly 15 minutes by train into Manchester Piccadilly. Manchester Airport is also nearby, perfect for ease of travel, whether this be domestic or international.

The Future of Stockport

Over the recent years, Stockport has seen an increase in successful, local businesses, with The Times Newspaper publishing an article on “The best up-and-coming areas to invest in the UK for 2022” where Stockport was described as “a magnet for interesting independent businesses such as the much-lauded restaurant Where the Light Gets In, the indie bookshop Rare Mags and the Produce Hall food market.”

As part of a multi-million-pound regeneration to the area, Stockport's Underbanks are about to be filled with a variety of modern shops, eateries and social spaces leading you to the centre of the town.

LOCATION

A highly desired and accessible location. Nearby to the A6, with an abundance of shops and a wide variety of grammar schools and colleges in the local area.
